Dear Mr. Kimbrel:

VDOT requests that the HRTPO amend the FY 2015-18 TIP to reflect the inclusion of UPC 110577 HRCS Preferred Alternative Refinement. This UPC will be used for geotechnical investigation in the water and on land, survey, administrative oversight and staff augmentation. The project limits are from I-664 to I-564 and will be administered by the VDOT. The requested changes can be accomplished via a TIP amendment to the HRTPO's TIP; to that end we request the addition of UPC 110577 with following information:

- Planned Allocations FFY 17 PE Phase AC-Other \$25,000,000
- PE Estimate \$ 25,000,000

The Department is requesting the staff to the Hampton Roads TPO process this TIP amendment at their next meeting. Thank you for your support in this effort.

Sincerely,

A handwritten signature in blue ink that reads "Dawn Odom".
