

Transportation Equity Survey

It is a priority of the HRTPO to incorporate the transportation needs of those with special needs and abilities into the transportation planning and decision making process in Hampton Roads. As part of a continuing effort to gather information on the transportation needs and concerns of those in the community, we ask that you kindly participate in our Transportation Equity Survey below.

1. In what city or county do you currently reside?

2. What is your primary mode of transportation (e.g. transit, bicycle, pedestrian, and/or highway)? Please be specific.

3. Do you have access to public transportation? Please disregard if you answered “transit” or some other variation of public transportation for Question #2.

4. How well does the existing transportation system meet your needs?
 - a. Very well
 - b. Well
 - c. Not well
 - d. Not at all

5. What barriers, if any, do you experience in getting where you need to go?

(Turn over to complete the survey→)

6. Do you believe Hampton Roads' existing transportation system meets the needs of those with special needs or disabilities? If no, please explain.

7. What improvements would you recommend to Hampton Roads' transportation system?

8. Would you like to keep informed about the work of the HRTPO, including as it relates to transportation equity? If yes, please provide your contact information, including email address, below.

9. Would you be interested in participating in the HRTPO's Environmental Justice Roundtable, a forum to discuss the transportation issues facing Hampton Roads seniors, people with disabilities, low-income populations, minorities, and others?

10. How can the HRTPO better consider and stay informed of your community's transportation needs in the future?

11. If you have any other comments or suggestions, please share them below:

Thank you for participating in our Transportation Equity Survey. Please turn in your completed survey to the HRTPO staff member you met with today or mail it to the address below. The individuals listed may also be contacted if you have any questions or are interested in learning more about the HRTPO or its transportation equity efforts.
